CHIEFTAIN

Library
Copy

1954-55

Foreword

Look not into the Past. . .
It comes not again
Wisely improve the Present,
It is thine. . . Go forth
to meet the shadowy future
without fear and a manly heart.

Dedication

In recognition of the many thoughtful hours,
that he has dedicated to the students of
Seminole High School,
we respectfully dedicate this, the 1955
Chieftain Annual to

MESSAGE TO STUDENTS

The members of the Chieftain Staff are to be commended in their skill and diligence in catching and recording the highlights of the school year. The interesting personalities and experiences which these pages call to mind will be continuing sources of pleasure for all of us.

Individual and team achievements in the classroom and in extra-class activities reflect the superior talent, industry and spirit of the students and teachers of Seminole High School.

May the knowledge you have acquired and the lessons you have learned stand you in good stead as you face the future with confidence.

Sincerely.

O. D. Johns, Superintendent

MESSAGE TO STUDENTS

The great minds of our day are continually searching for ways and means to improve the standards of mankind and make his efforts of greater consequence. Among the many traits and essentials upon which all thinking people are agreed, co-operation and diligence to the task at hand are perhaps predominant. The "Chieftain" annual exemplifies and embodies to the fullest extent the results of co-operative and constant labor. It bespeaks progress and growth for all those who have given of their time and efforts that we may have a condensed record of the events of our school year.

The requirements of education are rapidly growing and our responsibilities to society are ever on the increase. The Chieftain yearbook and the activities it portrays are concrete evidence that those in command are ever mindful and desirous of doing a job well. I am grateful to the Chieftain staff who have made this annual possible. My wish is that it will serve as a challenge and inspiration to those into whose hands the responsibility will fall after this year. I congratulate the staff on a job well done.

Sincerely,

H. B. Mitchell, Principal

Eighth Grade Officers

In days to come we hope that this book will grow in value. Many years from now you will leaf through this 1955 yearbook and recall various experiences in high school. Many of them will be brought to life by the sight of an old friend's face.

We would like to thank all the faculty, students, and friends who helped us to make this book possible.

Now we present to you, students and faculty of Seminole, your 1955 yearbook.
